Vest Pocket Autographic Kodak

A PICTURE opportunity and the Vest Pocket Kodak present themselves at one and the same time. The camera is so small, so unobtrusive, that you can always have it with you ready for the occasion—there's plenty of room for it in the vest pocket and space to spare in

No focusing-it's ready for the exposure at the critical moment.

The lens and shutter are photographically fit while the construction throughout is mechanically right.

We are just as enthusiastic over the Vest Pocket Kodak as you will be.
